## PROJECTS

### GENIUS | AI CONTENT GENERATOR
March 2023
- Integrated AI-powered content generation tools (**Open AI** and **Replicate AI**), increasing user engagement.
- Successfully deployed **robust and user-friendly Clerk Authentication**, featuring email, Google, and **9+ social logins**, leading to enhanced user onboarding and data security.
- Implemented **Stripe monthly subscription** with **free tier** and **API limiting**, with the expectation of achieving a **20% higher conversion rate** from free to paid subscribers.

### SHOPHIVE | ECOMMERCE WEB APPLICATION
April 2023

#### ShopHive - Admin
- Developed "ShopHive" product management system, achieving **faster updates** and **higher customer engagement** via intuitive navigation and captivating multi-image displays.
- Attained **30% operational efficiency boost** and **25% backend management time reduction** by implementing **individual API routes** for **multiple vendors** and **stores**.
- Integrated **Clerk Authentication**, **Stripe checkout**, and **webhooks** for **20% more secure transactions**. Utilized **MySQL**, **Prisma**, and **PlanetScale** for **scalable data management**, handling user data seamlessly.

#### ShopHive - Store
- Spearheaded development of **Customer Platform**, resulting in an increase in **customer engagement** through intuitive navigation and **personalized billboards**.
- Successfully integrated **secure Stripe checkout** and **Clerk Authentication**, leading to a reduction in transaction errors and a improvement in **user security**
- Implemented real-time order tracking empowering customers with **24% faster order updates**.

## EXPERIENCE

### ICSSR | WEB DEVELOPMENT INTERN
April-2023 - May-2023

- **Led** and **mentored** a **team of junior interns**, fostering their understanding of the codebase and enhancing their technical proficiency in React JS.
- Demonstrated expertise in **codebase structuring** and **optimization**, streamlining development processes and improving overall code quality and performance.
- Designed and developed **custom UI components** from scratch for homepage and dashboard, contributing to a visually appealing and user-friendly interface.

## ACHIEVEMENTS

2022    Led team and reached Pre-final round at
        OPTUM STRATETHON 2022
2022    Recieved Certificate from Dean SIR TV GOPAL for
        SRM QUANTUM LAB Website Development
